

JUDGE FOR YOURSELF

Which is Better--Try an Experiment or Profit by a Hopkinsville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back. A lame, weak, or aching one. Would you experiment on it?

You will read of so many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Hopkinsville case.

Mrs. J. E. O'Daniel, 603 O'Neal St., Hopkinsville, says: "I suffered from pains in back and sides and other troubles caused by weak kidneys. Doan's Kidney pills quickly cured me. I know that they are the best kidney medicine to be had. I often advise friends and acquaintances to give Doan's Kidney Pills a trial."

Price 50c. at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mrs. O'Daniel had. Foster-Milburn Co., Props., Buffalo, N. Y. advertisement.

Man-Driven 'Planes.

Before the invention of the aeroplane many attempts were made to invent flying machines in which man-power alone would be employed. All these attempts, however, ended in failure.

Mathematicians have now estimated that man is far too heavy to be sustained in the air by the power of his own muscles, no matter how large may be the wings that he fastens to his body. Among birds the weight limit is approached most closely by the Australian crane, which flies, although it weighs 20 pounds.

An aeroplane using three horsepower can be built, experts say, which will sustain a man, but as the best athletes can exert only a maximum of two horsepower for 15 seconds at a time, man's dream of imitating the flight of great birds can never be realized. He always will be dependent on a machine.

Sensitivity of Film.

The ordinary photographic film has a sensitivity of about 250 H. and D. It is, of course, most sensitive to direct sunlight. Unquestionably, by exposure to an arc lamp (or what would serve better for your purpose) a tungsten lamp of high candle power (say from 100 to 300 c. p.), the sensitive film would be affected in a very brief fraction of time. With an exposure of a hundredth of a second to a 100 c. p. lamp at close range you could depend on blackening the film. Exchange.

When baby suffers with eczema or some itching skin trouble, use Doan's Ointment. A little of it goes a long way and it is safe for children. 50c a box at all stores. advertisement.

He Had It.

In honor of a visit to his plant by the governor of the state an automobile manufacturer once had a complete car assembled in something like seven minutes. Some weeks later, after this feat was heralded in the daily papers, the phone rang vigorously. "Is it true that you assembled a car in seven minutes at your factory?" the voice asked. "Yes," came the reply. "Why?" "Oh, nothing," said the calm inquirer, "only I've got the car."

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Thousands rely on Dr. Thomas' Eucalypti Oil. Your druggist sells it. 25c and 50c. advertisement.

KNOW THY COUNTRY

I--Introductory

"Know America" is a slogan that should ring out from every school room, office, farm and shop in this nation. No man can aspire to a higher honor than to become a capable citizen, and no one can merit so distinguished a title until he is well informed of the resources, possibilities and achievements of our country.

This is a commercial age and civilization is bearing its most golden fruit in America. We are noted for our industrial achievements as Egypt was noted for her pyramids; Jerusalem for her religion; Greece for her art; Phoenicia for her fleets; Chaldea for her astronomy and Rome for her laws. Likewise we have men who will go down in the world's history as powerful products of their age. For, standing at the source of every gigantic movement that sways civilization is a great man. The greatest minds travel in the greatest direction and the commercial geniuses of this age would have been the sculptors, poets, philosophers, architects, and artists of earlier civilizations.

As Michael Angelo took a rock and with a chisel hewed it into the image of an angel that ever beckons mankind upward and onward, Hill took the desert of the Northwest and with bands of steel made it blossom like a rose, dotted the valleys with happy homes and built cities in waste places.

As Gutenberg took blocks of wood and whittled them into an alphabet and made a printing press that flashed education across the continent like a ray of light upon a new born world, McCormick took

a bar of iron and bent it into a reaper and with one sweep of his magic mind broke the shackles that enslaved labor of generations yet unborn, and gave mankind freedom from drudgery, and lifted the human race into a higher zone of life.

As Nelson organized the English navy and made England mistress of the sea, enabling the British Isles to plant her flag upon every continent washed by the ocean's waves, and to make footstools of the islands of every water, Morgan organized a banking system that has made America master of the world's finances, brought Kings to our cashiers' windows, the nations of the earth to our discount desks and placed under the industries of this nation a financial system as solid as the Rock of Gibraltar.

There is no study quite so interesting as progress; no sound so magic as the roar of industry and no sight so inspiring as civilization in action. A full realization of America's part in the great events of the world past, present and future will thrill every human heart with pride, patriotism and faith in Republican institutions.

Through the courtesy of the Agricultural and Commercial Press Service, the readers of this paper will be permitted to study America; her agricultural, manufacturing and mineral development, mercantile, banking and transportation systems which are the wonder of the world. The first article of the series will deal with transportation and will appear at an early date.

Your Child's Cough

Is a Call For Help.

Don't put off treating your Child's Cough. It not only saps their strength, but often leads to more serious ailments. Why risk? You don't have to. Dr. King's New Discovery is just the remedy your Child needs. It is made with soothing, healing and antiseptic balsams. Will quickly check the Cold and soothe your Child's Cough away. No odds how bad the Cough or how long standing, Dr. King's New Discovery will stop it. It's guaranteed. Just get a bottle from your Druggist and try it.

Military Funerals.

It is not universally known what is meant by a funeral "with full military honors." In such a funeral the coffin is borne on a gun carriage. If the dead soldier was a cavalryman his sword and helmet are fastened to the saddle of his horse, which is led immediately behind the gun-carriage, and his top-boots, with spurs attached, are fastened in stirrups, with the toes pointing backwards. A firing party, drawn, if possible, from the deceased's regiment, fires three volleys over the grave, and the "Last Post" is then sounded by buglers.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the family system tonic. Price, \$1.00. advertisement.

Made Slavery Hereditary.

The first formal recognition of negro slavery in Virginia was March 1, 1661, when the assembly declared that "negroes are incapable of making satisfaction for the time lost in running away, by addition of time," and slavery was made hereditary in Virginia in 1662 by an act of the assembly that the issue of slave mothers should follow their condition.

Constipation causes headache, indigestion, dizziness, drowsiness. For a mild, opening medicine, use Doan's Regulato. 25c a box at all stores. advertisement.

Same Old Woman.

Romance will never die. Anything that is called practical love making is nothing more than plain bargaining. Toledo Daily Blade.

Rheumatism Yields

Quickly to Sloan's.

You can't prevent an attack of Rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c of any Druggist and have it in the house--against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

Our Teachers.

It may be safely said that many schools in which morals are never taught from text-books, or by formal exercises, furnish a most stimulating drill in the higher and finer moralities every day. Many of us know teachers, who, without much preaching, convey, in all their intercourse with their pupils, the influences and qualities which purify and invigorate character. A considerable acquaintance with teachers impresses me with the belief that the feeling of their responsibility for the moral welfare of their pupils, and their appreciation of the values of character, are steadily deepening among them. No profession is so sacred that shallow and self-seeking persons do not find a place in it; but I believe that as much seriousness and devotion may be found among the teachers of our common schools as among any other class of persons--the clergy not excepted. Atlanta Monthly.

Children Cry FOR FLETCHER'S CASTORIA

Hawk's Wonderful Sight.

A hawk can spy a lark upon earth almost exactly the same color at 20 times the distance at which it is perceptible to a man or dog.

CASTORIA

For Infants and Children In Use For Over 30 Years Always bears the Signature of *Chas. H. Fletcher*

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The year 1914 has been the most extraordinary in the history of modern times. It has witnessed the outbreak of the great European war, a struggle so titanic that it makes all others look small.

You live in momentous times, and you should not miss any of the tremendous events that are occurring. No other newspaper will inform you with the promptness and cheapness of the Thrice-a-Week edition of the New York World. Moreover, a year's subscription to it will take you far into our next Presidential campaign.

THE THRICE-A-WEEK WORLD'S regular subscription price is only 1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

Send all subscriptions to 'Kentuckian office.

Largest in the World.

A plant laid out on a very extensive basis for the leaching and electrolytic precipitation of copper is being constructed at Chiquilama, Chile. The ore body to be worked in this vicinity is in excess of 200,000,000 tons, says the Electrical World. The first unit of the plant now in course of construction has been designed to treat 10,000 tons of ore per day.

The refinery will have an output of about 335,000 pounds of copper per day. Energy for separating copper from the ore will be transmitted to the plant from a generating station on the coast over 55 miles of line at 100,000 volts.

No Desire to See the Late Lamented.

"My nephew, Wendell H. Pettifer, is going to be married next week to a widow over in the western part of the state, who comes of a fine old family and is blessed with six interesting children, auburn hair and a very superior manner," stated Grout P. Smith, the unpopular pessimist. "Although I am invited to the wedding I shall not attend; I prefer to remember poor Wendell as he was in life." Kansas City Star.

Classified.

"Is that dog a pointer?" asked the ticket agent at the village station.

"No," replied the weary hunter who was returning to the city with an empty game bag, "he's a disappointed."

He's Smelt Them.

Church--They say that the New York market loses a million eggs a year by breakage. Isn't that enough to make one hold his breath? Getham--Hold his nose, I should say.

Unusual Offer To Our Readers.

For a limited time, and subject to withdrawal after 30 days, the well-known publishing house of the J. B. Lippincott Company, Philadelphia, founded in 1792, offers to the readers of this paper a 12 months' subscription to "Lippincott's Magazine" and a year's subscription to the Kentuckian, both for \$3.00. This is the price of a twelve months' subscription to "Lippincott's" alone. Additional to obtaining every issue of this paper for a year, our readers will receive in "Lippincott's," 12 great complete novels by popular authors, 105 short stories, crisp, entertaining, original 45 timely articles from the pens of masters, and each month some excellent poems with the right sentiment, and "Walnuts and Wine," the most popular humor section in America. To obtain this extraordinary offer prompt action is necessary. Remit to J. B. Lippincott Company, Washington Square, Phila., Pa. advertisement.
